DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 32, 35, 36, 37 and 51-54 are rejected under 35 U.S.C. 102(b) as being anticipated by Loomer (US 5,676,061).

Loomer discloses a drive car adapted to move along a track and comprised of front and rear wheel assemblies mounted on the frame of the vehicle. The wheel assemblies are further comprised of an upper drive wheel 42 and a pair of side guide wheels 68, 72. The front and rear assemblies are identical with the upper drive wheel engaging a top surface of the rail 10 and the side guide wheels contacting the sides of the top surface of the rail 10. The upper drive wheels are powered by an electric motor 46 mounted on the frame. The drive cars are also equipped with a movable conveyor belt assembly mounted on top of the frame and the drive wheels. The belt is stretched around a plurality of wheels which move the belt to load and unload cargo to be moved by the vehicle. Additional wheels mounted below the belt and on the frame aid in moving the belt. This is best shown in figure 10.

Allowable Subject Matter

Claims 1, 21, 25, 26, 31, 42, 43 and 30-64 are allowed.

Claims 33, 34 and 38-41 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments filed January 10, 2008 have been fully considered but they are not persuasive. Applicant simply states that claims 2-20, 22-24, 27-30, 44-50, 55-59 and 65-68 have been cancelled and claims 31, 32, 35, 36, 37, 38, 51, 60, 62 and 63 have been amended. The amended claims were objected to as being dependent from a rejected independent claim. However, the amendment making these claims independent did not include any of the original allowable features.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
